

Gabi Wheeler

within fantastic organisations and since joining Leading-Edge I have now immersed myself in many more organisations. My role is to manage a portfolio of clients, working in partnership with them on shaping and delivering the best creative solution to drive the business forward. My portfolio includes companies such as LEVI, Wickes, Greene King, GLH, Halfords, AKZO Nobel (to name a few).

I'm passionate about the link between Clear Vision, great talent and high engagement in achieving both customer delight and business growth. This, for me, underpins everything. On a one to one level I am interested in you, your world, your goals and how we can get there.

My style is energetic, enthusiastic and honest. I will hold the mirror up to teams and work together on the reflection they currently have and desired change they want to see. I inject challenge, focus and fun and on 3 separate occasions others have described my style as 'infectious'.....depending on the meaning, I have taken this as a good thing!?

My ultimate aim is to create a positive, honest and purposeful atmosphere where we can be creative in approach, be real in the room and capture those magical 'aha' moments that are tangible and will really make the difference.

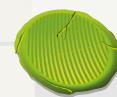

A bit about me

I get to create true partnerships with organisations and support them to realise and achieve their goals... what's not to love!

I've always been intrigued by people and I get energised by connecting individuals and teams to an inspiring vision and exploring the true potential. Over the last 15 years I have been honoured to have had some really great roles

I have had the pleasure of working with Gabi in several different teams over the last 9 years. She has always proven to a true HR Professional, with a real tenacity to break through barriers and deliver projects on time and within cost. She has a natural ability to communicate and truly connect with people at all levels from the shop floor to the board room. Personally, it was always a great boast when Gabi was in my team or part of a project I was involved in, as she would not only brighten up the group, but would be a real driver to ensure we delivered.
Martin Bowen - Area Hr Manager at Iceland Foods

Gabi is a real whirlwind! She is a creative thinker, and talks her thoughts, which means she brings enthusiasm and excitement into every conversation. She's great fun to work with!

Professional Credentials:

- BA (Hons) Business Studies
- PGC – Management
- Myers Briggs Accreditation
- CPP – Certificate in Personnel Practice
- Working towards ILM Coaching level 5

When I'm not working my passion is Netball. Playing, coaching, and winning! I re-started after a break since playing at school. I have since won 'Most improved netball player' twice in 5 years. I am trying to work out if my improvement has been amazing or if I was really that bad when I started!

My Motto – More is in you!
